

Get the most out of the Gray Institute library of exercise videos when utilized together with the TrainingPeaks Professional Edition.

- Build a set of workouts/or a complete exercise program once and save it to your library to reuse at anytime.
- Communicate with your clients/patients in between visits (monitor their completed activities).
- Deliver a professional look with your company's logo and colors!!!

- Both front and side views of each exercise
- Multiple still images of each exercise
- Keyword search and multi-level filtering capabilities to find what you are looking for quickly in a library of more than 6000 exercises!!!
