HOSTS AND PRESENTERS

Gary is referred to as the "Father of Function" and the leading pioneer and authority in human movement analysis, rehabilitation, training, and prevention. He is highly respected as a physical therapist, trainer, coach, author, mentor, and successful inventor. With over 40 years of experience, Gary has transformed his physical, biomechanical, and behavioral understanding of the body into the most empowering performance-enhancement, injury prevention, and rehabilitation applications. His passion for education and sharing, along with his desire and innovation, allows him to translate the complexities of human function into simple, effective techniques. Through the power of Applied Functional Science®, Gary's goal is to enhance the lives of movement professionals and the lives of those they treat and train. Gary serves as the CEO of Gray Institute® and GIFT (Gray Institute for Functional Transformation), as well as the Creator, Founder, and CEO of Free2Play® (Free2Play Academy, Inc.), a dynamic 501(c)(3) organization utilizing movement to transform the lives of children across the world.
