

A SNAPSHOT INTO OUR STORY...

GIFT (Gray Institute for Functional Transformation) was created for the busy, driven professional, desiring to learn more about how the body truly functions to further elevate his / her craft and heroism in serving patients and clients.

Since its inaugural program in 2007, over 1,000 professionals from around the world (25+ countries) have become GIFT Fellows, thus embarking on perhaps the most influential journey in their professional careers!

PURPOSE

GIFT exists to provoke the promise that is inherent in the unique lives of each GIFT Fellow and, in doing so, engage, enable, encourage, and empower them to effectively enhance the lives of those they serve.

VISION

Lives will be transformed physically, mentally, and spiritually through the teaching and implementation of Applied Functional Science®. GIFT continues to leave a living legacy of encouragement, achievement, and positive influence that has global impact.

PROFESSIONAL CREDENTIALING

Upon satisfactory completion of GIFT, professionals will be prestigiously credentialed as a Fellow of Applied Functional Science® (FAFS) and certified in Functional Manual Reaction® (FMR). FAFS credentialing is contingent upon successful completion of Course Content. Certification in FMR requires satisfactory completion during Hands-On Demonstrations and completion of a Capstone Project.

POSITIONING

GIFT is designed to enable professionals to achieve proficiency, competence, confidence, and credibility in all aspects of Applied Functional Science®. This is accomplished through understanding of functional principles, strategies, and techniques appropriate for use with patients and clients - the individuals - of all types and for all purposes including Prevention, Rehabilitation, and Performance.

ADMISSION

By application - *enrollment limited* - and selection at the sole discretion of GIFT. For access to application (quick and easy process), please click [APPLICATION LINK](#).

ELIGIBILITY

△ Credentialed professionals include, but not limited to, Physical Therapists, Occupational Therapists, Athletic Trainers, Kinesiologists, Chiropractors, and Medical Physicians.

△ Qualified professionals include, but not limited to, credentialed* Personal Trainers, Physical Therapy Assistants, and Occupational Therapy Assistants. (*Recognized credentials include: ACE, ACSM, NASM, and NSCA.)

△ Please note that others may be considered upon special review. Simply email GIFT@GrayInstitute.com to inquire.

(Includes tuition, access to educational materials, instruction, GIFT Gathering ground transportation, meals, and recreation. (Air transportation and lodging not included.)

TERMS

A non-refundable application deposit of \$200 is due with in seven (7) days upon application acceptance, which will then be automatically applied to your first tuition payment. The application fee will be sacrificed if the applicant withdraws or terminates the application registration.

Payment of 1st / Initial Installment (or In-Full Tuition Payment) is due on or before December 31, 2019. Balances (Installments) for the Quarterly Options are then due the first week of each respective month mentioned above. Balances (Installments) for the Monthly Option are then due on or shortly after the 15th of each respective month. Upon payment, you will be sent the aforementioned educational resources and materials to initiate your GIFT Journey. (Please note that payment is encouraged as soon as possible after acceptance to best maximize resources and materials prior to commencement of GIFT in January of '20).

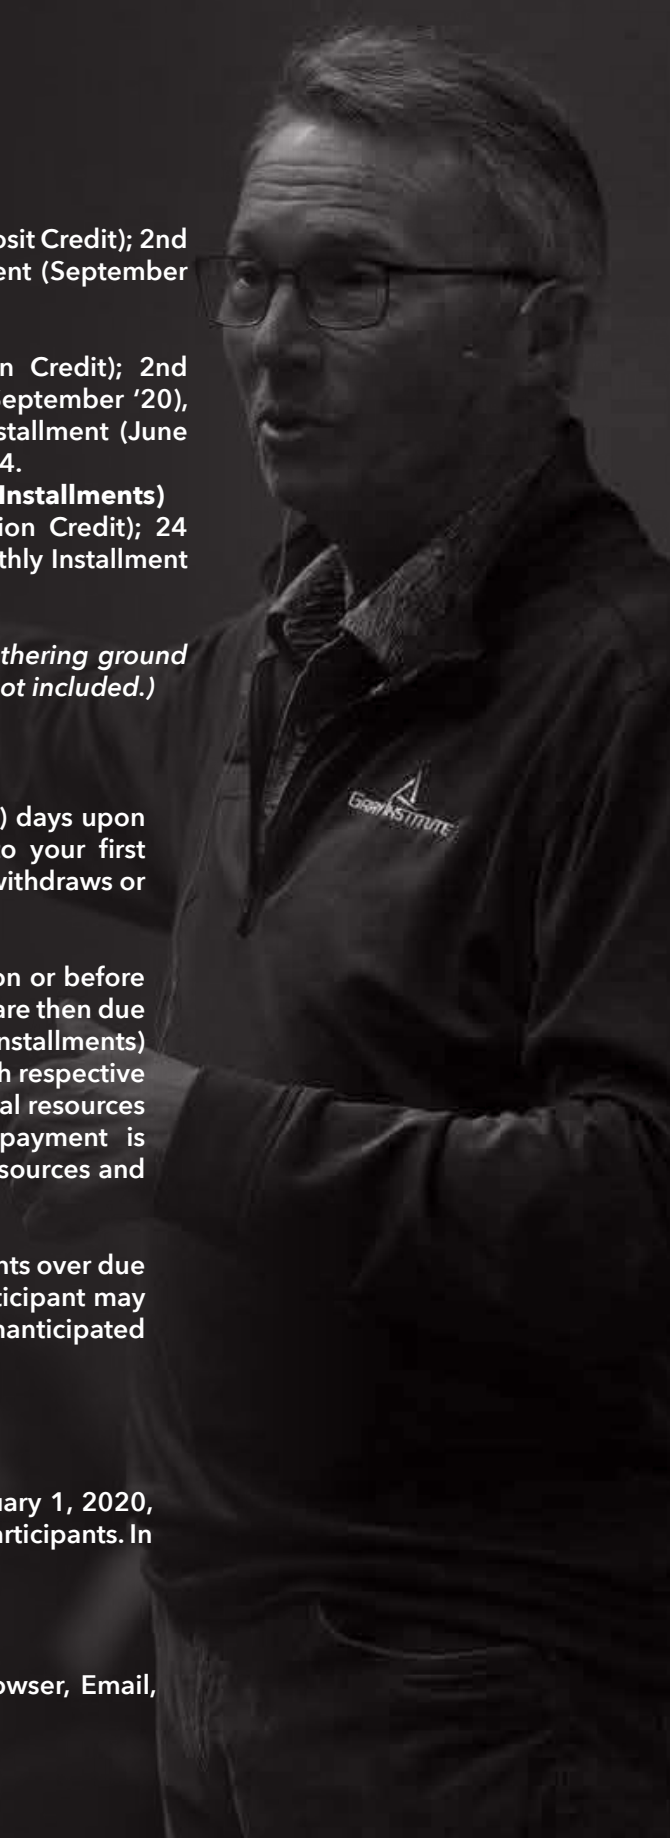

A 1.5% late fee penalty may be applied to all overdue accounts. Accounts over due by 30 days or more are grounds for dismissal at GIFT's discretion. Participant may consider alternative arrangements at GIFT's discretion in the event of unanticipated events and / or "special needs."

CANCELLATION OPTION

GIFT reserves the right to cancel its program-offering if, prior to January 1, 2020, registration is inadequate to assure a quality learning experience for participants. In the event of cancellation, all fees will be returned to registrants.

TECHNICAL REQUIREMENTS

Computer, Printer, Internet (broadband recommended), Internet Browser, Email, Adobe, Acrobat Reader (free download).

WHAT WILL YOU SAY ABOUT GIFT?

COMPETENCE

"Unequivocally GIFT is one of the most significant turning points in my career. After 20+ years as a coach and teacher, the Applied Functional Science® Content delivered in GIFT is at an entirely differently level and has upgraded not only my skill sets but also my mindset. I 'see' many things with a new lens and see instant change in my clients. Wow! Much more than this GIFT has uplifted and emboldened my heart and spirit in the most wonderful of ways. The fellowship found at GIFT is authentic, meaningful and a rare thing to find."

– Scott Hopson, CAFS, 3DMAPS, PTA Global, EXOS, FAFS

CONFIDENCE

"Investing in myself has allowed me to invest in others more than I could have imagined. Professionally, I have endless amounts of business / referrals coming my way. It is clearer to all those I work with and those I serve that what I do is uniquely different than what others do. And the outcomes are instant and powerful. I have connected with other like-minded professionals and it has opened the door to many opportunities. My value and credibility has gone through the roof. Absolutely outstanding experience!"

– Hayley Hollander, FAFS

COMMUNITY

"Professionally, GIFT completely changed the way I look at human movement. This will make me a 10 times better teacher and trainer. It makes me feel like I can truly help people at a deeper level! Personally, it is great meeting such fascinating people! I was blown away by the amazing diversity of skills and knowledge by everyone at the GIFT Gatherings. The community created makes you feel like everyone is looking out for your success."

– Justin De Sousa, FAFS

"GIFT has changed the way that I interact and rehabilitate my patients. In school, we are introduced how the body 'is all connected,' but we never really have a mindset of how the foot can impact the thoracic spine, for example. Going through GIFT, I feel like I have begun to more effectively treat a person as a whole, and not only body, but also mind and spirit."

– Bradley A. Day, PT, DPT, FAFS

"I feel the Principle-Strategy-Technique Process has provided me with so many more approaches to treating my patients... This treatment approach allows me to evaluate my patients in a different way that they haven't been looked at before to more thoroughly investigate the 'why' behind their symptoms and develop treatment techniques to create long-term results."

– Rebecca Van Heuklon, DPT, FAFS

"GIFT has surrounded me with a community of people whose passion, personality and enthusiasm are elite. The kindness, humbleness and willingness to help that this community has shown me is outstanding. I have been educated and guided on assessing and treating human movement in a way that seems easy. I am extremely grateful to be a part of this fine group of human beings!"

– Damon Bosscher PT, DPT, FAFS
